DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 5

ADA, OKLAHOMA, THURSDAY EVENING, OCTOBER 15, 1908

NUMBER 169

Senator Beveridge to Speak.

Guthrie, Ok., Oct. 14.—The state republican headquarters has a telegram from Senator Beveridge stating that the report regarding his sickness was an error, and that he would positively fill his Oklahoma dates on Oct. 16 and 17.

Reduced Cotton Receipts.

Shawnee, Ok., Oct. 14.—The cotton crop is unusually slow this fall, owing to a variety of reasons, and unless the weather for the ensuing month is very favorable, there is every reason to believe that the number of bales marketed this year will fall far below the preceding year. Thus far the local cotton market is short 3,000 bales. Of this amount, wagon cotton, or cotton marketed in the city by neighboring farmers, is short 1,400 bales, while the rail receipts at the compress are short more than 1,500 bales. The situation is not peculiar to Shawnee, for the same conditions prevail in the surrounding compress towns. It is the general belief that the bales marketed this year will fall way short of expectations.

Telephone Rates to Stand.

Guthrie, Ok., Oct. 14.—The State Corporation commission has issued an order providing that telephone companies can not increase their rates above those in effect Oct. 12, 1908, without the consent or approval of the commission.

George Player of St. Louis, recently employed by the Oklahoma commission as a telephone expert, has passed a successful examination with Wisconsin commission's telephone expert, and will open an office here in a few days. He is a grandson of ex-President Polk.

The Sidewalk Craze.

If there ever was a city on earth that has the sidewalk craze, that city is Ada. "I never saw the like in my life," said an observer today. You can't go any direction without taking the street, for they have you fenced off to keep you off the soft cement walks. Engineer Stokes is busy in marking out where they shall go, and almost as fast as he shows them where, the sand and gravel haulers are unloading the material. At the present rate of progress, Ada will look like another city. Blessed are the city council, for they believe in progress.

BIG DAY FOR BRYAN

Hebron, Neb., Oct. 14.—The second day's tour of Nebraska by W. J. Bryan was brought to a close at this place tonight. Twenty-two speeches were made during the day by the democratic candidate, varying in duration from ten minutes to one hour. It was by far the most enthusiastic day for Mr. Bryan during the trip. With the conclusion of his work Mr. Bryan expressed himself as being greatly pleased with his reception in his home state during the day, saying that his audiences were larger and more enthusiastic than during any other campaign. Three congressional districts were traversed today and in each one the candidate made an appeal for the democratic nominees.

He invariably began each speech by saying that he was more interested in the election of the candidate for congress than was the candidate himself. "I would feel mighty lonesome in Washington if both the senate and the house were against me," he said, "but if you will give me the house I am sure we will make the senate feel lonesome."

At those places where it was possible to do so, Mr. Bryan discussed all the issues, but in smaller places he devoted his time to explaining and defending the democratic position on the guarantee bank deposits. At Columbus he told of the opposition to the fire insurance when the subject was first submitted and compared the arguments presented with those now being used by the opponents of the bank guarantee plan of the democratic party.

Discusses the Panics.

Aside from the guarantee of bank deposits, he spoke to the farmers in regard to the panics, saying that there were more business failures during the first nine months of this year than there were in the first nine months of 1893, 1894, 1895 or 1896. He said that the republican party was not responsible for good crops or high prices, and quoted the prices of farm products in Canada and abroad in support of his contention. In speaking of the president, in his Hebron speech, he said:

"I happen to be the democratic candidate. I don't mean to say that I ought to have been nominated, but I mean to say it was the wish of the democrats, that I should be nominated, and I stand as the representative of the democratic party."

Sarcasm for Roosevelt.

"My nomination came from the people, for I had no president with an army of office holders to help me get the nomination. I don't envy my opponent merely because he had so influential a backer. I would rather have no nomination than his. But we are candidates before the people. He has been nominated on the theory that he is of my size, and I believe he is. He has been nominated on the theory that he was competent to conduct his own campaign, and I pay him a higher compliment when I presume that he is able to do so, than does the president when he assumes he is not able to do so. I don't approve of the action of the president in using the prestige, the influence and the patronage of his high office to dictate the nomination of the republican candidate; I don't approve of the action of the president in using the office that belongs to the people as if it were a party asset for a part of the people. I ask no favors at his hands. All I ask is that he stand off and let Mr. Taft and me fight it out."

Bryan in Fine Fettle.

When Mr. Bryan retired tonight at Hebron he expressed himself as being in the best physical condition of any campaign. He has so far spoken forty-seven times in the last two days and is apparently the least affected by the hard work of any man in his party. The state committee has assigned eighteen speeches to him for tomorrow, but in all probability the "extras" will bring that number up to twenty-two.

That Girl Betsy.

Miss Ewing will present tonight at the Airdome, "That Girl Betsy," a rich comedy, and Ada show goers will enjoy it.

Tammany's Donation.

New York, Oct. 13.—Tammany Hall will contribute \$10,000 to the democratic national committee, according to announcement made today by Charles F. Murphy, the Tammany leader. In addition the local organization will pay all the expenses of the big mass meeting in Madison Square Garden on Oct. 26, at which Mr. Bryan is to speak. This will probably amount to \$5,000 more. According to a telegram received this morning by Vice Chairman Hudspeth of the democratic national committee from Chairman Mack in Chicago, Mr. Bryan will speak only one day in New Jersey and one day in Connecticut. Mr. Hudspeth said today, referring to the reported statement of H. H. Kohlsaat of Chicago to the effect that there are democratic editors in the country who are supporting Bryan in the papers but who do not wish to see him elected and that one of these is a member of the democratic executive committee: "I challenge Mr. Kohlsaat to give the names of these editors or to name the member of the executive committee. Mr. Kohlsaat has come under the hypnotic influence of the White House. It is rather singular that all these reports about dissatisfied democrats come out of Washington."

Babies Bring \$200 Each.

Guthrie, Ok., Oct. 14.—Several days ago Insurance Commissioner T. J. McComb made a ruling that prevents the Woman's Mutual Aid Society from doing business in Oklahoma, under the charter of the present organization at Harrisburg, Pa. Notwithstanding this order, however, Mrs. E. M. Dean of Oklahoma City, organizer for the society in Oklahoma, announces that an organization will be formed in Oklahoma, but in conformity with the laws governing insurance in this state. She says it will be necessary under the McComb ruling to form a ritualistic assessment plan will have to be adopted. While these features are not exactly to the liking of the organizers, they will nevertheless be complied with in order to do business in the state.

Miss Ewing.

The best play production ever rendered in the city was Camille by the Gertrude Ewing Company last night at the new air dome opera house on East Main street.

Ada is just that size and experience to become attached to superior players who appear several time before them, in addition to the account of their professional versatility, as well because of actual and transparent possession of character and refinement.

Miss Ewing's natural charms co-operates beautifully with the talent and energy of her playing.

Observing the work of the week suggests that Miss Ewing has drawn around her a company in every manner worthy of her self.

Haskell Party to Dallas Fair.

Guthrie, Ok., Oct. 14.—For the party accompanying Gov. C. N. Haskell to the Dallas Fair, the Santa Fe has made a rate of \$10.60 from Guthrie to Dallas and return. The rate from towns south of Guthrie will be proportionately lower. The party will travel by special train, leaving here at 6 a. m., Monday next, arriving in Dallas that afternoon via Fort Worth and the Texas and Pacific. Returning, they will leave Dallas Wednesday morning.

WHEN you buy clothes ask for the maker's name; and find out what it stands for.

Your clothier may be absolutely honest, and an expert judge of clothes; but the maker, and how he makes, are the things for you to find out. Quality is a matter of fact, not of expert judgement.

You know our name as good clothes makers; it stands for all-wool fabrics and no other; for the best ideas in style, the most perfect tailoring, for clothes designed to fit, for the things you want.

The way to be sure of getting them is to be sure of the name, don't take anybody's word for it; if it isn't in the clothes, don't buy them

In the early part of the week Roy Adair and Bennie Wade, left Ada to battle their own way, but immediately their parents, in particular their mothers, began a diligent inquiry, and late Wednesday evening it was discovered that the lads were in Sulphur, and the Chief of Police was instructed to take them in charge, and bring them to Ada. The officer and boys arrived, and as the youngsters alighted, they only smiled. It was their intention to join the comedy troop that showed in Ada 2 weeks ago. Roy Adair has been News carrier for route four for several years.

"Camille" was the offering last the county court room by Mr. pany, who gave an interpretation of Dumas' play. It is pleasant to speak of in terms of commendation. As "Camille" Miss Ewing distinguished her efforts and demonstrated an idealistic conception of Dumas' ill-starred heroine. A large audience should have witnessed this performance as they deserved it. Tonight "That Girl Betsy" the pastoral comedy drama. Friday night, "Sapho" will be the special feature play of the week, when Miss Ewing will wear the famous sheath or Directoire gown. "Buster Brown and Mary Jane" will be the bargain matinee Saturday at 2:30 p. m. 10 and 25 cents.

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Guthrie, Ok., Oct. 14.—Several days ago Insurance Commissioner T. J. McComb made a ruling that prevents the Woman's Mutual Aid Society from doing business in Oklahoma, under the charter of the present organization at Harrisburg, Pa. Notwithstanding this order, however, Mrs. E. M. Dean of Oklahoma City, organizer for the society in Oklahoma, announces that an organization will be formed in Oklahoma, but in conformity with the laws governing insurance in this state. She says it will be necessary under the McComb ruling to form a ritualistic assessment plan will have to be adopted. While these features are not exactly to the liking of the organizers, they will nevertheless be complied with in order to do business in the state.

Miss Ewing.

The best play production ever rendered in the city was Camille by the Gaiety Ewing Company last night at the new ardome opera house on East Main street.

Ada is just that size and experience to become attached to superior players who appear several times before them. In addition to the account of their professional versatility, as well because of actual and transparent possession of character and refinement.

Miss Ewing's natural charms co-operates beautifully with the talent and energy of her playing.

Observing the work of the week suggests that Miss Ewing has drawn around her a company in every manner worthy of her self.

WHEN you buy clothes ask for the maker's name; and find out what it stands for.

Your clothes may be absolutely honest, and an expert judge of clothes; but the maker, and how he makes, are the things for you to find out. Quality is a matter of fact, not of expert judgement.

You know our name as good clothes makers; it stands for all-wool fabrics and no other; for the best ideas in style, the most perfect tailoring, for clothes designed to fit, for the things you want.

The way to be sure of getting them is to be sure of the name, don't take anybody's word for it; if it isn't in the clothes, don't buy them

We have sold goods in Ada six years, but we don't ask you to trade with us for the reason we do business in Ada or because we are friends. Neither do we send you prices and descriptions and insist on you sending us the money without personal inspection of our goods, as catalogue houses do, but ask for your trade on the broad ground of good, reliable goods, sold at fair prices and easy terms, with the fact made prominent that we carry a good reliable stock. We call special attention to our Rockers shipped direct from the factory; no middle man's profit. They are selling fast. Six Upholster Rockers went out Friday and Saturday. We placed rush orders today to supply the demand. When you are in our store, ask to see our Iron Beds, especially a Vernis Martin, two inch post for \$16.00. We solicit your inspection of our stock.

Stomach troubles would more quickly disappear if the idea of treating the cause rather than the effect would come into practice. DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 5

ADA, OKLAHOMA, THURSDAY EVENING, OCTOBER 15, 1908

NUMBER 169

Senator Beveridge to Speak.

Guthrie Ok Oct 14—The state republican headquarters has a telegram from Senator Beveridge stating that the report regarding his sickness was an error and that he would positively fill his Oklahoma dates on Oct 16 and 17.

Reduced Cotton Receipts.

Shawnee Ok, Oct 14—The cotton crop is unusually slow this fall owing to a variety of reasons and unless the weather for the ensuing month is very favorable, there is every reason to believe that the number of bales marketed this year will fall far below the preceding year. Thus in the local cotton market is short 3000 bales. Of this amount wagon cotton or cotton marketed in the city by neighboring farmers, is short 1400 bales while the rail receipts at the compress are short more than 1500 bales. The situation is not peculiar to Shawnee for the same conditions prevail in the surrounding compress towns. It is the general belief that the bales marketed this year will fall way short of expectations.

Telephone Rates to Stand.

Guthrie Ok Oct 14—The State Corporation commission has issued an order providing that telephone companies can not increase their rates above those in effect Oct 12, 1908 without the consent or approval of the commission.

George Player of St Louis recently employed by the Oklahoma commission as a telephone expert has passed a successful examination with Wisconsin commissions telephone expert and will open an office here in a few days. He is a grandson of ex President Polk.

The Sidewalk Craze.

If there ever was a city on earth that has the sidewalk craze that city is Ada. I never saw the like in my life, said an observer today. You can't go any direction without taking the street for they have you fenced off to keep you off the sidewalk walks. Engineer Stokes is busy in marking out where they shall go and almost as fast as he shows them where the sand and gravel haulers are unloading the material. At the present rate of progress Ada will look like another city. Blessed are the city council for they believe in progress.

BIG DAY FOR BRYAN

Hebron Neb, Oct 14—The second day's tour of Nebraska by W J Bryan was brought to a close at this place tonight. Twenty two speeches were made during the day by the democratic candidate varying in duration from ten minutes to one hour. It was by far the most enthusiastic day for Mr Bryan during the trip. With the conclusion of his work Mr Bryan expressed himself as being greatly pleased with his reception in his home state during the day saying that his audiences were larger and more enthusiastic than during any other campaign. Three congressional districts were traversed today and in each one the candidate made an appeal for the democratic nominees.

He invariably began each speech by saying that he was more interested in the election of the candidate for congress than was the candidate himself. I would feel mighty lonesome in Washington if both the senate and the house were against me, he said, but if you will give me the house I am sure we will make the senate feel lonesome.

At those places where it was possible to do so Mr Bryan discussed all the issues but in smaller places he devoted his time to explaining and defending the democratic position on the guarantee bank deposits. At Columbus he told of the opposition to the fire insurance when the subject was first submitted and compared the arguments presented with those now being used by the opponents of the bank guarantee plan of the democratic party.

Discusses the Panics.

Aside from the guarantee of bank deposits he spoke to the farmers in regard to the panics saying that there were more business failures during the first nine months of this year than there were in the first nine months of 1893 1894 1895 or 1896. He said that the republican party was not responsible for good crops or high prices and quoted the prices of farm products in Canada and a list in support of his contention. In speaking of the president in his Hebron speech he said:

I happen to be the democratic candidate. I do not mean to say that I ought to have been nominated but I mean to say it was the wish of the democrats that I should be nominated and I stand in the repulsive attitude of the democratic party.

Sarcasm for Roosevelt.

My nomination came from the people for I had no president with an army of office holders to help me get the nomination. I don't envy my opponent merely because he had so influential a backer. I would rather have no nomination than his. But we are candidates before the people. He has been nominated on the theory that he is of my size and I believe he is. He has been nominated on the theory that he was competent to conduct his own campaign and I pay him a higher compliment when I presume that he is able to do so than does the president when he assumes he is not able to do so. I don't approve of the action of the president in using the prestige, the influence and the patronage of his high office to dictate the nomination of the republican candidate. I don't approve of the action of the president in using the office that belongs to the people as if it were a party asset for a part of the people. I ask no favors at his hands. All I ask is that he stand off and let Mr Tatt and me fight it out.

Bryan in Fine Fettle.

When Mr Bryan retired tonight at Hebron he expressed himself as being in the best physical condition of any campaign. He has so far spoken forty-seven times in the last two days and is apparently the least affected by the hard work of any man in his party. The state committee has assigned eighteen speeches to him for tomorrow but in all probability the 'extras' will bring that number up to twenty-two.

That Girl Betsy.

Miss Ewing will present tonight at the Airdome 'That Girl Betsy,' a rich comedy, and Ada show goers will enjoy it.

Tammam's Donation.

New York Oct 13—Tammam Hall will contribute \$10,000 to the democratic national committee according to announcement made today by Charles F Murphy, the Tammam leader. In addition the local organization will pay all the expenses of the big mass meeting in Madison Square Garden on Oct 26 at which Mr Bryan is to speak. This will probably amount to \$3,000 more. According to a telegram received this morning by Vice Chairman Hudspeth of the democratic national committee from Chairman Mack in Chicago Mr Bryan will speak only one day in New Jersey and one day in Connecticut. Mr Hudspeth said today referring to the reported statement of H H Kohlsaat of Chicago to the effect that there are democratic editors in the county who are supporting Bryan in the papers but who do not wish to see him elected and that one of these is a member of the democratic executive committee. I challenge Mr Kohlsaat to give the names of these editors or to name the member of the executive committee. Mr Kohlsaat has come under the hypnotic influence of the White House. It is rather singular that all these reports about dissatisfied democrats come out of Washington.

Babies Bring \$200 Each.

Guthrie Ok Oct 14—Several days ago Insurance Commissioner T J McComb made a ruling that prevents the Woman's Mutual Aid Society from doing business in Oklahoma under the charter of the present organization at Hattisburg Pa. Notwithstanding this order however Mrs E M Dean of Oklahoma City organizer for the society in Oklahoma announces that an organization will be formed in Oklahoma but in conformity with the laws governing insurance in this state. She says it will be necessary under the McComb ruling to form a ritualistic assessment plan will have to be adopted. While these features are not exactly to the liking of the organizers they will nevertheless be complied with in order to do business in the state.

Miss Ewing.

The first production ever rendered in the city was Camille by the Central Ewing Company last night at the new indomine opera house on 1st and Main street.

It is just a little size and experience to become attached to superior players who appear several times before them in addition to the account of their professional versatility as well because of actual and transparent possession of character and refinement.

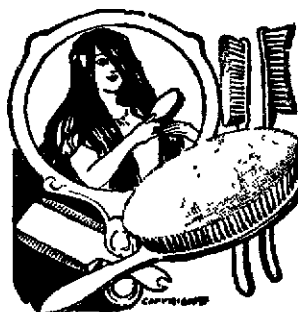

Miss Ewing's natural charms co-operates beautifully with the talent and energy of her playing.

Observing the work of the week suggests that Miss Ewing has drawn around her a company in every manner worthy of her self.

Haskell Party to Dallas Fair.

Guthrie Ok Oct 14—For the party accompanying Gov C N Haskell to the Dallas Fair the Santa Fe has made a rate of \$10.00 from Guthrie to Dallas and return. The rate from towns south of Guthrie will be proportionately lower. The party will travel by special train leaving here at 6 a m Monday next arriving in Dallas that afternoon via Fort Worth and the Texas and Pacific. Returning they will leave Dallas Wednesday morning.

WHEN you buy clothes ask for the maker's name; and find out what it stands for.

Your clothes may be absolutely honest, and an expert judge of clothes; but the maker, and how he makes, are the things for you to find out. Quality is a matter of fact not of expert judgement.

You know our name as good clothes makers; it stands for all-wool fabrics and no other; for the best ideas in style, the most perfect tailoring, for clothes designed to fit, for the things you want.

The way to be sure of getting them is to be sure of the name, don't take anybody's word for it; if it isn't in the clothes, don't buy them.
